5. A notice stating where the registering officer lives shall be affixed outside each registration office.

(ii) In such cases there is no objection to one Sub-Registrar completing the registration or authenticating the entry of a document admitted to registration by the other Sub-Registrar when circumstances arise which prevent the latter officer from performing those duties.

(*e*) the village hamlet or suburb in which the property referred to in a registrable document is situated.

17. If property is described in a document by a specific reference to an instrument which has been already registered or of which a true copy has been filed under section 63 or 88 in the office in which the document is presented for registration and if that instrument contains the particulars required by rule 16 and such a description of the property as is required by the rules in force, the description need not be repeated in the document.

18. Whenever any non-testamentary document presented for registration relates to land situate in any local area in respect of which the local Government have issued a rule under section 22 (1) of the Act requiring description by reference to a Government map or survey, the registering officer shall satisfy himself that if the land comprises one or more entire survey fields or sub-divisions the document specifies the number of each field or sub-division and that if the land has no separate number assigned to it the document specifies the number assigned to the field or sub-division in which the land is situated and further includes a description of the land sufficient for its identification.

CHAPTER VII (SECTIONS 19 21 22 28, 29 32, 40 AND 52 OF THE ACT).

PRESENTATION AND EXAMINATION OF DOCUMENTS.

19. A document relating to immoveable property which is situate partly within and partly without the areas to which the Indian Registration Act applies may be registered in the office of any registering officer within whose jurisdiction any portion of the property is situate; but in such a case, the certificate of registration shall show that the registration has been effected only as regards that portion of the property which lies within the areas where the Registration Act is applicable.

20. A registering officer having jurisdiction to accept a document for registration at the time of its presentation to him shall complete its registration notwithstanding the fact that the village in which the property affected is situated has been transferred from his jurisdiction subsequent to the presentation of the document but before completion of its registration. But when the document affects immoveable property a memorandum shall be sent, without levy of any fee, to the office to whose jurisdiction the village has been transferred, for the purpose of being filed in file book I of that office.

When, however, after refusal to register by a registering officer, the village in question is transferred, whilst the document is on appeal or in a suit before a civil court, to the jurisdiction of another Sub-Registrar, the document, if the Registrar or the court orders that it shall be registered, shall be re-presented for registration to the officer to whose sub-district the village has been transferred.

21. A document for registration other than a document forwarded under section 28 of the Act shall be presented in person, with the prescribed fees, direct to the registering officer and not to a clerk or peon. A document shall not be accepted if transmitted by post.

22. Every document shall before acceptance for registration be examined by the registering officer to ensure that all the requirements prescribed in the Act and in these rules have been complied with. If there is any informality in presentation of a nature which can be remedied, the registering officer shall give the party such information as may be necessary and return the fees and the document with a view to the document being presented again in due form. For instance, in cases such as those mentioned below he should explain the defect to the presentant, if the document is presented in the wrong office; if an agent has come without a power-of-attorney or without such a power as the Act requires; if the description of the property is either insufficient for purposes of identification or does not fulfil the requirements of rules 16 to 18; if the document is not accompanied by a translation or by copy of a map when such translation or copy is necessary; if there are unattested interlinations, alterations, erasures, or blanks, which the registering officer considers should be attested by the initials or signatures of the executants; if the date of execution is not given in the document or if it is anterior to the date of purchase of the stamp paper on which the document is written or if the date is given according to both the British and the Indian calendars and these dates do not tally. The action of the registering officer in this respect shall be confined to advice and he shall not himself alter the document in any way.

23. Each important interlineation, erasure or alteration occurring in a document shall, whenever possible, be caused to be noted or described at the foot of the document and to be signed by the executant before the document is accepted for registration. This course is, however, unnecessary in respect of a document executed solely by a public functionary as such or of a document received under section 89 of the Act. In such cases it will suffice if the interlineation, erasure or alteration is attested by the officer concerned.

24. Every copy of a map or plan accompanying a document shall be certified to be a true copy and shall be attested by the signature of the person executing the document or of his duly authorised agent.

25. When a document is presented for registration in duplicate or triplicate the registering officer shall treat the duplicate and triplicate as such if they are exact reproductions of the original and bear the same date. Should any discrepancy be detected, the presentant shall be required to

reconcile it before the document is accepted for registration. If the original contains a map or plan a copy shall be annexed to the duplicate and to the triplicate.

26. (i) A document which relates to land situated in a district or portion of a district to which the rule framed by the Local Government under section 22 (1) of the Act has been made applicable shall, before it is accepted for registration, be checked with the survey numbers and sub-divisions in the subsidiary indexes maintained under rule 124 and also, when necessary, with the settlement registers in order that the registering officer may cause incorrect or fictitious numbers entered in the document to be rectified.

(ii) If a survey number or a sub-division entered in a document is not found in the subsidiary indexes or settlement registers, the registering officer shall, if necessary, make a reference to the Revenue Department.

(iii) If the sub-divisions of a field are found in the subsidiary indexes or settlement registers and the field is described in the document without any reference to any sub-division, the document may be returned for rectification.

27. (i) If there are no impediments such as those mentioned to the acceptance of a document for registration or if the document is presented again after any such impediments have been removed, the registering officer shall endorse on the document the date, the hour and the place of presentation and take the signature of the presenting party to such endorsement.

(ii) If, however, any of the impediments referred to above is discovered after the presentation endorsement has been made on the document, the latter may be returned for correction or amendment if the party so desires with an endorsement to that effect. Should the document be presented again, a representation endorsement shall be made.

28. (i) If the period prescribed for presentation has elapsed, but the document is still admissible on payment of a fine, the registering officer shall, if he is a Sub-Registrar, suspend its registration pending the orders of the Registrar.

(ii) If the document is chargeable with duty under the Indian Stamp Act, 1899, and is not duly stamped, the registering officer shall impound it under section 33 of that Act and forward it to the Collector, registration being suspended.

(iii) Pending orders on such references to a Registrar or prior to sending a document to the Collector, the registering officer may, however, record the admission of the execution and the examination of witnesses if any.

29. If the executant of a document is in doubt about the proper stamp and consults a registering officer on the subject before formal presentation, the required information may be given without impounding the document. It should be explained to the executant at the same time that if he wishes to obtain an authoritative opinion, he must apply to the Collector under section 31 of the Indian Stamp Act, 1899.

30. If a document is dutiable under the Court Fees Act, 1870, and is unstamped or is insufficiently stamped, it shall be returned to the party presenting it (*vide* section 6 of that Act), in order that the stamp duty or the deficiency in the stamp may be made good.

Minute Book.

31. Every registering officer shall maintain a "Minute Book" in such manner and as a record of such proceedings as the Inspector-General of Registration may from time to time prescribe.

CHAPTER VIII (SECTIONS 25 AND 34 OF THE ACT).

Delay in Presentation and Appearance.

32. (i) A registering officer may require that the date of execution shall be entered in a document presented for registration whenever it is not found therein.

(ii) The date of execution of a document is the date on which it is signed by the party and the date which a document bears at its head is not necessarily the date of its execution though it is *prima facie* so.

(iii) The date on which a certificate of sale by a Civil or Revenue Court was signed by the Court shall be taken as the date of execution for registration purposes.

(iv) An alteration in the date of execution of a document made ostensibly for the purpose of evading payment of the penalty leviable under sections 25 and 34 of the Act shall not be recognised and the document shall be treated as having been executed on the date originally entered thereon.

(v) If the date of execution is not stated or if it is altered or if the document bears an impossible date or a fictitious date anterior to the date of purchase of stamp on which the document or any portion of it is written, the document shall be refused registration if the correct date cannot be ascertained.

33. Application for registration on payment of fines under sections 25 and 34 of the Act shall be in writing but requires no stamp. A statement in writing from the party concerned shall be regarded as equivalent to an application under those sections.

34. The fines for delays in presentation and appearance under sections 25 and 34 shall be regulated as follows:—

When the delay does not exceed one week after the expiration of the time allowed for presentation or appearance.	A fine equal to the registration fee.
When the delay exceeds one week but does not exceed one calendar month.	A fine equal to twice the registration fee.
When the delay exceeds one month but does not exceed two months.	A fine equal to five times the registration fee.
When the delay exceeds two months but does not exceed four months.	A fine equal to ten times the registration fee.

Explanations.—(1) *The fine shall be levied in addition to the proper registration fee.*

(2) *The term "registration fee" as used in this rule does not include the fees payable for registration under section 30 or for filing a translation under section 19 of the Act, or fees for copies and memoranda or for attendance at a private residence.*

35. When a document is presented for registration in duplicate or triplicate the fine leviable under rule 34 shall be calculated as for one document only.

36. Whenever a fine for delay in appearance is levied on more occasions than one in respect of one and the same document, the amount of the fine leviable on the second and subsequent occasions shall be the difference, if any, between the total amount leviable up to the second or subsequent occasion and the fine or fines previously levied in respect of such document.

37. Whenever an application under section 25 or section 34 is lodged with a Sub-Registrar, he shall forward the same, whether he considers the reason for delay to be satisfactory or not, for the orders of the Registrar; but as laid down in rule 28 (iii) there is no objection to his recording the admission of execution on such a document before forwarding the application to the District Registrar.

CHAPTER IX (SECTIONS 31, 33 AND 38 OF THE ACT).

ATTENDANCE AT PRIVATE RESIDENCES.

38. An application for attendance at a private residence shall be in writing and shall, in all possible cases, be signed by the person on whose behalf attendance is required. It need not be stamped.

39. A requisition for attendance at a private residence shall be complied with as early as possible. If compliance would interfere with the regular business of the office or involve the closing of the office and if the case does not fall under section 31 of the Act, a commission should, if practicable, be issued. Every such attendance by a Sub-Registrar or under his orders, shall be reported to the Registrar within 24 hours.

40. A District Registrar may attend at a private residence situated within the limits of his district even though it may not be within the sub-district under his immediate charge; but a Sub-Registrar shall not proceed out of his sub-district for the purpose.

41. (i) Persons exempt by law from personal appearance in Court are, under the Code of Civil Procedure, 1908,—

(a) women who, according to the customs and manners of the country, ought not to be compelled to appear in public, and

(b) persons of rank specially exempted by the Government.

(ii) A list of persons exempted under clause (i) (b) shall be obtained by the Registrar from the High Court or District Court and communicated to every Sub-Registrar in his district.

(iii) When in the course of attendance at a private residence the registering officer is required to record in respect of the same document the admission of persons not entitled to the concession, the request may be complied with.

42. (i) A commission issued under section 33 or section 38 shall be prepared in the form shown in Appendix II and shall, when the person to be examined resides within the sub-district, be addressed ordinarily by the registering officer to one of his clerks. When the person to be examined resides in another sub-district but within the same district, it shall be directed to the Sub-Registrar of the latter sub-district and when such person resides in another district to the Registrar of that district. The Registrar receiving a commission so addressed shall transmit it to the Sub-Registrar within whose territorial jurisdiction the person resides. The Sub-Registrar may, if he cannot attend personally, redirect it to any officer of his establishment—*vide* also sections 75 and 76 of the Code of Civil Procedure, 1908.

(ii) When the commission is for the examination of an executant and has been executed, the Commissioner shall return the document to the office from which it was issued endorsed as follows:—

"Having attended at the residence of A.B., son of C.D., at . . . . . I have this day examined the said "A B, who has been identified to my satisfaction by E.F. son of G.H., etc., residents of . . . . . and the said "A B, admitted (or denied) the execution of this document."

"and acknowledged receipt of Rs. (or goods to be specified) being consideration in whole (or in "part)."

(iv) Where consideration is paid in the presence of the Commissioner, he shall add the following to the endorsement:—

"I also certify that Rs. (or goods to be specified) were paid (or delivered) in my presence "to the said A B by ."

The signatures of the payer and payee shall also be taken below this endorsement, as provided in the specimen form in Appendix V.

(v) On receiving the Commissioner's report, the registering officer shall, if satisfied as to the execution of the document, make the following endorsement below the report:—

"From the foregoing report I am satisfied that this document has been voluntarily executed by the said "A B."

Date . Signature of Registering Officer.

43. A Commissioner may examine witnesses in the same manner as a registering officer, and persons who may be required to give evidence before a Commissioner and who refuse to do so shall be subject to the penalties and punishments which they would incur for the same offence if committed in a registration office.

41. A registering officer may examine the Commissioner personally in his office touching any of the circumstances connected with the discharge of his commission, especially with reference to the voluntary nature of the admission of execution.

CHAPTER X (SECTION 33 OF THE ACT)

Powers-of-attorney.

45. (i) When a power-of-attorney is executed before a registering officer, he shall, after satisfying himself of the identity of the party and obtaining when necessary his left thumb impression against his signature, authenticate it in the following form:

"No. of 19 .

(ii) When a power-of-attorney which has not been executed before a registering officer is presented to him for authentication under the proviso to section 33 of the Act the form of authentication shall be as follows:—

"No of 19

"I certify that I have satisfied myself that this power-of-attorney has been voluntarily executed by [*signature of "A B.*] who purports to be the principal and who is personally known to me [or whose identity has been proved by (C.D.) "(*signature with address*, and (E.F.) (*signature with address*)].

"*Date*

(iii) In authenticating a power-of-attorney which occupies more than one sheet of paper, the seal and the signature of the registering officer shall be affixed to each sheet.

(iv) Every interlineation, blank, erasure or alteration in the body of a power-of-attorney shall, at the time of authentication, be detailed in a foot-note added to the document below the endorsement of authentication and shall be signed by the registering officer even if the party himself has entered a similar note in the document. If there are no interlineations, blanks or erasures or alterations, in the body, the fact shall be noted.

Interlineations, etc., in the authentication endorsement shall be initialled by the registering officer.

46. (i) If a document is presented for registration under a special power-of-attorney, the power shall be retained and filed in the office with the following endorsement:—

"No. of 19 .

"Presented with document No of 19 of Book , Vol .

"*Date.* *Signature of Registering Officer.*

(ii) If a document is presented for registration under a general power-of-attorney, the power shall be returned with the following endorsement:—

"No. of 19

"Presented in connection with document No. of 19 of Book , Vol .

"*Date* *Signature of Registering Officer.*

47. The endorsements prescribed in rules 45 and 46 shall be written in English.

48. A power-of-attorney may be brought to a registering officer (1) for authentication or (2) for registration, or (3) for both authentication and registration. In the first case he shall merely make the entry prescribed for authentication; in the second case, he shall register the power in the same manner as any other document; and in the third case, he shall first authenticate the power and then admit it to registration in the usual manner.

49. Although a power-of-attorney may be registered like any other instrument, it is not valid for registration purposes unless authenticated. When a power-of-attorney is brought to a registering officer by a person who does not understand the distinction between authentication and registration, the registering officer should explain the difference to him and give him such information as may be necessary.

50. The only power-of-attorney the authentication of which by a registering officer is authorized is a power executed for registration purposes. A registering officer shall accordingly refuse to authenticate a power entirely unconnected with registration.

51. (i) A separate attestation fee shall be levied on every signature requiring authentication in a power-of-attorney executed by several persons, provided that only one attestation fee shall be levied when a person executes a power-of-attorney both for himself and as guardian or agent of one or more other persons.

(ii) The duplicate or the triplicate of a power-of-attorney presented for authentication shall be treated as a separate power and a separate attestation fee levied thereon.

52 (i) An abstract in the form printed in Appendix III shall be retained of each power-of-attorney authenticated by a registering officer whether such power is general or special, registered or not registered. The abstract shall be signed by the registering officer, and shall be filed in a separate file with a serial number along with other powers retained under rule 46. The notes of interlineations, blanks, erasures and alterations made by the registering officer on the original power shall be copied verbatim in the abstract.

(ii) Each registration office shall maintain a register of all revocations of powers of-attorney registered in, or communicated to, it

CHAPTER XI (SECTION 35 OF THE ACT).

EXAMINATION OF PARTIES

Executing Parties.

53. (i) The expression "A person executing a document" shall be held to include—

(a) any person who becomes surety for the repayment of a loan or the fulfilment of a contract and in that capacity affixes his signature to a document;

(b) any person who endorses a negotiable document;

(c) any person who signs a receipt or a discharge endorsed on a document;

(d) any person who signs a document as an executant in token of his assent to the transaction and not merely as a witness, even though he may not be described as an executant in the body of the document.

(ii) In the case of a document purporting to be executed by an attorney, or by a guardian of a minor, or by a legal curator of an idiot or lunatic, such attorney or guardian or curator shall be held to be a person executing the document for the purposes of sections 32, 34, 35 and 38 of the Act, but for the purposes of section 35, the principal or minor or idiot or lunatic as well as the attorney or guardian or curator shall be considered to be the executing parties.

Enquiry before Registration

54. As a general rule registration shall take place in public, but the registering officer may on the application of a party, and if he considers such a course to be called for, exclude the public during the course of any enquiry

55. It forms no part of a registering officer's duty to enquire into the validity of a document brought to him for registration or to attend to any written or verbal protest against the registration of a document based on the ground that the executing party had no right to execute the document; but he is bound to consider objections raised on any of the grounds stated below:—

(a) that the parties appearing or about to appear before him are not the persons they profess to be;

(b) that the document is forged;

(c) that the person appearing as a representative, assign or agent, has no right to appear in that capacity;

(d) that the executing party is not really dead, as alleged by the party applying for registration; or

(e) that the executing party is a minor or an idiot or a lunatic.

56. The term "representative" as used in the Act includes not only the guardian of a minor and the curator of an idiot or a lunatic but also the executors, administrators and heirs of a deceased person. Satisfactory proof of the right of a person to appear in any of these capacities shall be adduced before he is permitted to present a document or to admit or deny its execution.

57. A registering officer should form his own opinion as to whether a party appearing before him as executant of a document is a minor, a lunatic or an idiot. He is not expected to hold an elaborate enquiry although, if he so desires, he may examine on the point any one present in the office.

58. When a document is presented for registration after the death of the executant or when an executant dies before admitting execution, the registering officer shall fix a day for the appearance of the representative of the deceased for examination in connection with the document and shall cause notice thereof to be served on him and to be posted in a conspicuous part of the office premises and of the chavadi of the munsif of the village in which the deceased lived and of the village or villages where the property is situated. The cost of the service of the notice shall be levied from the person who presented the document for registration.

If, on the day fixed for the examination, all the representatives who appear admit execution, or if persons claiming to be representatives have already appeared and have admitted execution and no representatives appear on the day fixed as aforesaid, the document shall be registered as regards the deceased executant But if some of the representatives admit execution and others deny it, the registration shall, where the registering officer is a Sub-Registrar, be refused. A Registrar in such a case will proceed under sections 74 to 76 of the Act

59. A document executed by a person who is unable to read shall be read out and, if necessary, explained to him. A document written in a language not understood by the executing party shall, in like manner, be interpreted to him. When a party to be examined is dumb, recourse must be had to the means by which he makes himself understood.

Identification of Parties

60. (i) A registering officer may require any executant, claimant or identifying or other witness regarding whose identity he has to satisfy himself but who is not personally known to him to affix in his presence, whether such person can write his name or not, the impression of the bulb of his left

thumb both in the register of thumb impressions maintained in each registration office in the form shown in Appendix IV as well as on the document presented for registration.

(ii) Such impression shall ordinarily be taken in the case of marksmen and illiterate females.

61. If the left thumb does not give a clear impression or is non-existent, the impression of any finger of the left hand shall be obtained. Failing this, the impression of the right thumb, or if that also is non-existent or deformed, of any finger of the right hand shall be taken. In all cases the digit and the hand used shall be specified next to each impression taken on the document, and in cases where a digit other than the left thumb is used the digit from which the impression is taken and the hand shall be specified below the impression in the thumb impression register with a note explaining why the impression of that particular digit was taken.

62. Thumb impression shall be dispensed with in the case of a person suffering from leprosy or contagious disease. In such cases a note should be entered in the register of thumb-impressions explaining the circumstances under which it has not been obtained.

63. The signature of every person shall be taken next to his impression in the register of thumb impressions. The registering officer himself shall in the case of a marksman write the name against the mark. He shall add below each signature or mark his initials and the date on which the impression is taken.

64. The registering officer shall add a certificate at the foot of each page of the thumb impression register to the effect that each impression on the page has been affixed in his presence and under his supervision by the person whose name is entered next to it. This certificate shall be signed and dated by the registering officer when the page is closed.

65. In the case of a gosha woman who does not appear before a registering officer and whose examination in connection with the registration of a document or the attestation of a power-of-attorney is conducted in the office through a hammammee, the finger-impression shall be taken by the hammammee who shall be clearly instructed as to the process. In this case the certificate mentioned in rule 64 should be altered as shown below:—

"Each impression on this page excepting that of . . . . , which was taken by a hammamee under my instructions, has been affixed in my presence, etc., etc."

66. A separate register shall be maintained in each registry office for thumb-impressions obtained in connection with the registration of documents at private residences. Neither this register nor the ordinary register of thumb-impressions shall be taken with him by a registering officer when attending at a private residence, but thumb impressions at such residences shall be obtained on separate slips of paper and the slips shall be pasted with the initials and date of the registering officer added to them, in the appropriate cage in the separate impression book. As a further safeguard, the impressions shall be taken also in the last column of the report of private attendance which is finally lodged in the Registrar's office. The slip as well as the last column of the report shall contain a certificate in the following form:—

"The impression on this slip (or report)" or "each impression on this slip (or report)," "was affixed in my presence and under my personal supervision by the person whose name is entered next to it."

In the case of a gosha lady who does not appear before the registering officer, the words "taken under my instructions from" shall be substituted for the words "affixed in my presence and under my personal supervision by" in this certificate.

CHAPTER XII (SECTIONS 36, 37, 38 AND 39 OF THE ACT).

ENFORCEMENT OF APPEARANCE OF EXECUTANTS AND WITNESSES.

67. Any person requiring a summons to be issued under section 36 shall deposit with the registering officer the process fee payable as well as the amount required to cover the expenses of the person summoned and all contingent charges. The sum so deposited shall, except in cases covered by rule 68, be remitted by the registering officer to the officer whose duty it may be to issue the summons. At Madras this duty shall devolve on the Presidency Magistrates and elsewhere on the Sub Magistrate in whose jurisdiction the person summoned resides. If any person, without lawful excuse, fails to comply with a summons, the registering officer may, if the applicant for the summons so desires and deposits the requisite fee, apply to the officer who issued the summons in order that steps may be taken to enforce the attendance of such person.

68. All District Registrars and such Sub-Registrars as are invested with magisterial powers may themselves issue processes in compliance with requisitions for summonses made to them direct or to registering officers located at the same station.

CHAPTER XIII (SECTIONS 40 AND 41 OF THE ACT).

WILLS AND AUTHORITIES TO ADOPT.

69. When a will or an authority to adopt is presented for registration after the death of the testator or the donor, the registering officer shall fix a day for the enquiry contemplated by section 41 (2) of the Act and shall cause notice of the enquiry (a) to be served on the persons to whom in his opinion special notice should be given, (b) to be posted in a conspicuous part of the registration office, and (c) to be published (i) in the District Gazette and (ii) in the villages where the testator or donor lived, where interested parties may reside and where the property of the deceased is situated. The cost of the service of the notice and of its publication shall be levied in advance from the person who presents the document for registration.

70. If a person presenting a will or an authority to adopt or a person who objects to the registration of such a document on the ground that it was not executed by the testator or donor or that the testator or donor is not dead or that the person presenting the document is not entitled to present the same under section 40 of the Act, desires that witnesses should be summoned, the request shall be complied with and the procedure prescribed in chapter XII shall be followed.

71. (i) As each person is examined his signature shall be obtained on the document below the endorsement of presentation in the following form :—

The witnesses whose signatures are affixed below have been examined under clause (2) of section 41 of the Indian Registration Act, 1908. In reference to the document :—

(ii) If, after the conclusion of the examination of the witnesses, the registering officer should decide to register the document, an endorsement in the following form shall be made on it and its registration shall be completed :—

I am satisfied from the evidence of the witnesses whose signatures appear above—
(a) that the will (or authority to adopt) was executed by the testator.
(b) that the testator (or donor) is dead,
(c) that the person presenting the will (or authority to adopt) is entitled to present the same.

Date *Signature of Registering officer.*

(iii) Should the registering officer decide to refuse registration, the usual endorsement of refusal shall be entered on the document.

72. (i) A registering officer when enquiring under section 41 (2) into the execution of a will or of an authority to adopt shall invariably, before registering the document or refusing registration, prepare and place on record a memorandum in English containing a summary of the evidence and the reasons for registration or refusal, as the case may be. A copy of any such memorandum prepared by a Sub Registrar shall be submitted to the District Registrar forthwith.

(ii) When a will or an authority to adopt is refused registration the refusal order to be entered in Book 2 shall be, when the order is by a Registrar or a Sub-Registrar stationed at the head-quarters of a district, a reproduction of the memorandum and, when the order is by any other Sub-Registrar, a translation of the memorandum in the vernacular of the sub-district. The Inspector General may authorise any Sub Registrar to follow the procedure laid down for a head-quarter Sub-Registrar in this respect.

73. A will or an authority to adopt presented for registration after the death of the testator or donor may be returned to the presentant unregistered, if he so desires, unless it appears that the will is forged.

74. A revocation or cancellation of a will or of an authority to adopt shall be treated as a document of testamentary character and shall be registered in Book 3.

75. (i) Wills registered or refused registration in a Sub Registry office which remain unclaimed for a period of over two years shall be forwarded to the Registrar's office for safe custody, a note to that effect being entered against the original entry in the office returns.

(ii) If the person entitled to claim the return of a will applies to a Sub-Registrar for its return after the document has been transmitted to the Registrar's office, he should be advised to obtain it from the Registrar direct. If he is unwilling to do so, the will should be obtained from the Registrar by the Sub-Registrar and returned to the person and a note of its receipt from the Registrar's office and return to the person shall be entered in the office returns.

CHAPTER XIV (SECTIONS 42 TO 46 OF THE ACT).

SEALED COVERS CONTAINING WILLS.

76. (i) Every entry made under section 43 of the Act in Book 5 shall be dated and signed by the Registrar.

(ii) When a sealed cover is withdrawn under section 44 of the Act, the entry relating to the withdrawal shall be signed by the person by whom the withdrawal is made as well as by the Registrar.

77. When a will executed by two persons jointly is deposited under section 42 of the Act by both of them in a sealed cover, a request by one of the testators for the withdrawal of the sealed cover after the death of the other testator shall not be complied with. The Registrar may, however, after procuring satisfactory evidence as to the fact of the death, require the applicant to present an application under section 45 of the Act for the opening of the cover and the copying, at the applicant's expense, of the will in Book 3. He may then grant the applicant a copy of the will, if the applicant so desires.

78. (i) Wills sent by post to a registering officer are not presented for registration or deposited within the meaning of the Act, and sections 42 to 46 are therefore inapplicable to them.

(ii) If a cover purporting to contain a will reaches a Registrar by post, he shall return it unopened. Should the cover however be retained in the office because the address of the person to whom it should be returned is unknown, the Registrar shall record upon the cover the date of receipt and the fact that it was received by post and that it has not been secured under the Act as the terms thereof have not been complied with.

(iii) A will so received shall not be delivered to any applicant unless the Registrar is satisfied that such applicant is duly authorized to receive it, nor shall the cover be opened on an application under section 45, as it has not been deposited according to the provisions of section 42.

(iv) A cover purporting to contain a will which may reach a Sub Registrar by post shall be returned to the sender or, if the address of the sender is not known, shall be forwarded with full particulars to the Registrar who shall deal with it under clause (ii) of this rule.

(v) A register shall be maintained in each Registrar's office showing the sealed covers received, withdrawn and opened from time to time. In it shall also be entered wills received by post by the District Registrar and remained in the office under clause (ii), wills forwarded by Sub Registrars under clause (iv) and under rule 76 (i) and wills registered or refused registration in the Registrar's office and lying unclaimed for over two years.

(vi) An officer assuming charge of a Registrar's office, either permanently or temporarily, shall compare the sealed covers and wills with the entries in Book 5 and in the register prescribed in clause (v) and shall report to the Inspector-General whether they are correct and whether the covers are preserved properly.

79. (i) When a sealed cover containing a will is opened under section 45 of the Act, the following endorsements shall be made on the will:—

80. When a will is forwarded to a Court it shall be accompanied by a memorandum intimating the fee payable for opening the cover and the charges for copying in view to these being collected by the Court and remitted to the Registrar. An acknowledgment of the receipt by the Court of the cover or will shall also be obtained and filed in the office.

81. When a sealed cover containing a will is opened, the cover which contains the depositor's superscriptions and the Registrar's endorsements shall be preserved carefully or a record maintained as to its disposal.

CHAPTER XV (SECTIONS 52, 58, 59 AND 60 OF THE ACT)

ENDORSEMENTS AND CERTIFICATES.

82. (i) The endorsements prescribed by sections 52 and 58 of the Act and the certificate prescribed by section 60 shall be written by the registering officer himself in the form prescribed in Appendix V or as near thereto as circumstances permit, unless he has been specially authorized by the Inspector General to use an endorsement stamp.

(ii) The executant and the witnesses may be required to write their additions themselves in the endorsements made on documents, when they are able to do so.

(iii) The name and addition of a party who is required to sign in the endorsements but who is not able to do so shall be written by the registering officer himself. Where the addition is entered by the party himself [clause (ii)] the registering officer shall satisfy himself that the addition as entered is complete and that it corresponds with the statement made by the party.

(iv) The endorsement stamps referred to in clause (i) shall be retained in the personal custody of the registering officer and when not in use shall be kept in a sealed bag. The impressions on documents shall be made the endorsements and certificates shall be signed, and the blank spaces therein filled in, by the registering officer in his own hand.

(ii) An application for transfer of revenue registry presented with a document shall be acknowledged in the receipt for the document

(iii) When the fees consist of several items, each item shall be separately entered both in the receipt and in the counterfoil so as to admit of any overcharge being traced. In the case of copying fees the number of words shall be entered and in the case of mileage, the number of miles.

99. The requisite entries shall be made both in the counterfoil and in the receipt, which shall be respectively initialled and signed by the registering officer.

100. The receipt for a document shall be handed to the person presenting the document or to his nominee, after obtaining in the counterfoil the signature of the presentant to the endorsement of nomination, and also the signature of the nominee, if he can write, for the purpose of comparison when the nominee appears to take back the document.

101. (i) A separate receipt shall be given for each document even when two or more documents are presented simultaneously by the same person

(ii) If a document is ready for transcription on the day of its presentation the day and hour when it will be ready for return shall be endorsed on the receipt. In the case of a document retained pending an enquiry or a reference, the day and hour of return shall be communicated to the presentant or his nominee by a separate notice issued on the day when the document becomes ready for transcription. If, however, in the latter case the receipt is produced on the day when the document is ready for transcription and the document cannot be returned on that day, the information may be endorsed on the receipt itself

(iii) When a document is not ready for return on the date entered on the receipt or in the notice, the entry of that day shall if the receipt or notice is produced before the registering officer, be cancelled and the probable later date on which the document will be ready shall be entered under the initials of the registering officer.

(iv) Corresponding entries and corrections shall be made in the counterfoil.

102. A document shall, if possible, be returned on the date of its admission to registration

A person entitled to claim back a document who is known to the registering officer may obtain the return of a document by sending the receipt to the registering officer through a messenger with a requisition endorsed on the receipt and signed by himself for the delivery of the document to the messenger. The document may then be handed over to the messenger after his acknowledgment and thumb impression have been taken in the counterfoil of the receipt, the receipt being retained in the office and pasted to the counterfoil.

104 In the event of a receipt being lost, the person who should have produced it may receive the document on making and signing on the counterfoil a declaration of the loss and, if required by the registering officer, affixing his thumb impression thereto.

105. When a nominee fails to take back a document within seven days from the date noted on the receipt as that on which it will be ready for delivery, the nomination may be revoked by the person by whom it was made by an entry signed by him to that effect in the counterfoil.

106 When a party to a document objects to its being returned to a person in whose favour the receipt has been drawn up, the objection shall not be allowed to prevail, unless such party can satisfy the registering officer that he has applied to a competent Court for an injunction to restrain the registering officer from returning the document.

107. When an impounded document is received back from the Collector after adjudication of stamp duty, the registering officer shall immediately give notice in writing to the presentant or to the person authorized by the presentant to take delivery of the document either to take steps to complete the registration of the document or to take delivery of the document

108. When proceeding to attend at a private residence the receipt book shall not be taken by the registering officer, but the requisite receipt may be detached from the counterfoil for issue to the party concerned, the entries in the counterfoil being made after return of the registering officer to his office. In such a case any nomination to take delivery of a document shall be obtained on a slip which shall be initialled and dated by the registering officer and pasted on to the counterfoil.

109. These rules do not contemplate the return of a document by post, but a document may be so returned if a presentant or his nominee desires this course to be followed, and at his own risk, subject to the conditions mentioned below —

(i) The presentant or his nominee shall sign an endorsement on the counterfoil of the receipt authorising the return of the document by registered post to an address to be specified and shall deposit a sum of four annas in cash to cover the postage, the postal registration fee, and the fee for obtaining the acknowledgment of the addressee.

(ii) When a person presenting two or more documents for registration at the same time desires that they should be returned by post to the same address, the actual cost of postage, registration and acknowledgment shall be deposited and separate deposits shall not be required in respect of each document.

(iii) The amount paid shall be included in the receipt granted to the party.

(iv) When registration has been completed, the registering officer shall despatch the document or documents in a sealed cover under registered service postage to the address specified and shall note the fact on the counterfoil of the receipt.

119. Indexes Nos. In Registrars' offices and in sub offices situated at the head-quarters of a district, they shall be prepared in English. In other sub-offices they shall be prepared in the vernacular of the sub district unless the previous sanction of the Inspector-General has been obtained to their preparation in another vernacular or in English. 123. When a loan order is received with a security bond under clauses (1) and (3) of section 89 of the Act, the order and the bond shall be indexed as separate documents, although the property specified in both may be the same.

124. District Registrars shall forward quarterly to Cantonment Magistrates copies of entries in Indexes Nos. I and II relating to immoveable properties in cantonments situated in their districts, obtaining when necessary such copies in English from Sub-Registrars.

SUBSIDIARY INDEX.

125. In districts and sub-districts to which a rule made by the Local Government under section 22 (1) of the Act is applicable registering officers shall maintain a subsidiary index to Index No. II in the form printed in appendix VI, in order to show at a glance all transactions affecting each survey number or sub-division.

INDEXES TO BOOK 5.

126. An alphabetical index to the names of persons purporting to be executants of documents entered in Book 5 shall be affixed to that register book.

CHAPTER XIX (SECTION 57 OF THE ACT).

SEARCHES.

127. Every application to a registering officer for an inspection, a search, or a copy, shall be made in writing. Forms for such applications shall be furnished by registration offices free of cost. These applications need not be stamped.

128. An application for a search or for a copy of an entry in Books 1 to 4 may be received and complied with through the medium of the post, the postage charges being borne by the applicant. In such cases special care shall be taken to ensure that the provisions of clauses (2) and (4) of section 57 are satisfied, and the title of the applicant to have the copies shall be proved to the satisfaction of the registering officer.

129. An application for a search in respect of property situated in more sub-districts than one or in a village which has been transferred from one sub district to another may be presented at any of the Sub Registry offices in which the property or any portion of it is situated or to which the village is or has been attached. In such cases, the procedure prescribed in rule 130 (ii) may be followed if the party so desires.

130. (i) An application for a search or for a copy of any entry contained in a book which has been transferred to the office of a District Registrar may be made to such District Registrar either direct or through the Sub-Registrar in whose office the entry was originally made.

(ii) When such application is made to a Sub-Registrar it shall be accompanied by the requisite stamps and other papers and by a deposit of money sufficient to cover the prescribed search fee and the postage and a sum of eight annas as an advance for copying charges. The Sub Registrar shall cause a search to be made in the indexes, shall endorse on the application the number and year of the document, the particulars of the volume and the pages thereof containing the copy of the document and shall forward a copy of the application so endorsed with the stamps and other papers to the Registrar concerned. The latter shall cause the copy to be prepared and furnished to the Sub-Registrar with a bill for the copying charges. On receipt of the copy and the bill the Sub-Registrar shall deliver or transmit the former to the party after refunding to, or collecting from, him any surplus or deficiency on the amount deposited. Any moneys collected under this rule shall be brought to account in the office of the Sub Registrar to whom the original application was made.

(iii) When an applicant has paid the prescribed fees for search in the indexes of a Sub-Registrar's office in respect of a document which has been registered in another office or in a book transferred to the Registrar's office, no further search fee shall be levied when he applies to the other office or to the Registrar for a search or copy of the same document, provided that the applicant produces before that officer the receipt for the fee granted to him by the Sub-Registrar.

131. Fees for searches shall be payable in advance; but in the following cases the fees may be adjusted in the treasury accounts:—

(a) searches for encumbrances

(a) on property offered as security for loans under the Loans Acts, and

(b) on property pledged as security for the due performance of their duties by public servants, and

Note.—The term "public servant" in this clause should be interpreted to mean "an officer serving directly under Government."

(ii) requisitions from a public officer for a certificate of encumbrance in his official capacity.

132. In complying with a requisition from a Court which involves a search or the preparation of a copy of any document, the registering officer shall forward to the Court a memorandum of the fees payable, in view to the amount being remitted by the Court.

133. The fee for a search shall entitle the applicant to read the entry for the finding of which the fee has been paid or to have it read to him; but it shall not entitle him to take a copy of the entry. If a search proves fruitless the fee shall not be refunded, but the applicant may, if he so desires, be granted a certificate stating that the entry sought for has not been found in the books.

134. With reference to Note (2) to article 13 of the Table of Registration Fees, a search fee shall not be levied for the grant of copy of a document,—

(a) admitted to registration but not transcribed into the register,

(b) presented but not yet admitted to registration; or

(c) the registration of which has been refused

135. Only one search fee shall be levied

(i) for making a search in respect of a single document or in respect of acts and encumbrances on one and the same property in two or more offices because of the transfer of a village from one sub-district to another,

(ii) for making a general search in respect of one and the same property in the records of an office which was once in existence, was abolished and then revived;

(iii) for making a search for acts and encumbrances in respect of one and the same property when owing to the splitting up or grouping together of villages, as the result of survey and settlement operations, the search has to be made in the indexes of more than one village

136. When a search is made in respect of more than one entry or more than one document executed by, or in favour of, one and the same individual, search fees shall be levied separately for each office in which the nominal indexes have to be searched. This rule applies also to a search in the duplicate copies of the nominal indexes of two of more offices filed in a Registrar's office.

137. (i) When an application for a search is presented and the requisite fees have been paid, the register or officer shall enquire whether the applicant will himself make the search or desires that it should be made by the office establishment. When a clerk is deputed to make the search the name of the clerk deputed shall be noted on the application. As soon as the search is completed the result or a reference to the certificate of encumbrance showing the result shall be noted on the application by the clerk and signed by him.

(ii) Whenever an entry found on search is read out to an applicant under rule 133, a note shall be made on the application to the effect that this has been done and when the applicant does not require a copy of such entry, this fact shall also be noted on the application and the signature of the applicant obtained thereto.

(iii) The dates (1) of receipt of the application, (2) of completion of search, (3) on which the party is required to produce stamp and other papers, (4) on which stamp and other papers are produced, (5) on which copy or certificate is ready and (6) of delivery or despatch by post of the copy or certificate shall be noted on the application and also on the copy or the certificate granted to the party.

138. All inspections and searches of books and indexes shall take place in the presence of the registering officer.

139. A copy of an entry shall not be made from any book until the registering officer has scrutinized the entry generally.

CERTIFICATES OF ENCUMBRANCE.

140. When an application is made for a search for encumbrances in respect of any immoveable property or for a list of documents executed by, or in favour of, a single individual, and the applicant desires that a certificate of encumbrances or a list of documents found in the course of such search should be furnished to him by the registering officer, the request shall be complied with, the certificate or list being in the form printed in appendix VII.

141. In the case of searches for a list of documents executed by, or in favour of, a particular individual, the list shall show the number, date, nature and value of the several documents found, as well as the names of the parties and the village in which property affected, if any, is situated; but no description of the properties affected by the documents should be given as in the case of encumbrance certificates or properties. The list shall not it include particulars of documents registered in Register Books 3 and 4 unless the applicant is entitled to copies of the entries (section 57 of the Act).

142. A certificate of encumbrance granted by a Registrar or by a Sub-Registrar stationed at the head-quarters of a district shall be in English. A certificate granted by any other Sub-Registrar shall be in the vernacular of the sub-district in which the indexes are prepared, except when the party requires it to be prepared in English in which case the request may be complied with.

143. A certificate of encumbrance shall contain a complete list of all acts and encumbrances affecting the property in question.

144. In the case of a search made in the records of more than one office, the various certificates prepared in the different offices shall be granted to the party and not a consolidated certificate by the officer to whom the application was made in the first instance. An officer who makes a search at the request of another officer shall therefore furnish a certificate in duplicate.

145. (i) Searches for certificates of encumbrances shall, as a rule, be made by two persons independently of each other, so that the results obtained by one may be compared and verified with those obtained by the other.

(ii) When a party himself makes the search he should be required to furnish a signed note of the results of the search and the results should be verified by a member of the office establishment.

146. A copy shall be retained of each encumbrance certificate issued from an office and shall be filed in a separate file book in which the various certificates will be numbered consecutively in a separate series for each calendar year.

The notes furnished by parties containing the results of searches conducted by themselves and the duplicate of the certificates received from other offices under rule 144 shall be filed with the office copy of the encumbrance certificate concerned.

PRODUCTION OF REGISTER BOOKS IN COURT.

147. When a requisition is received from a Court for the production of a Register book other than book 3 or book 4, the registering officer shall ascertain whether it is absolutely necessary that the book itself should be produced or whether a certified copy of the entry required in evidence will not suffice. Similarly, when the production of a register of thumb impressions is required, the registering officer shall ascertain whether it will not suffice if the impression required in evidence is cut out and forwarded with particulars, on a slip attached to it and attested by the registering officer, of the document in respect of which and the party from whom it was obtained. When it is absolutely necessary to produce the book itself, or when the requisition is for the production of Register book 3 or Register book 4, the book shall be forwarded in a sealed packet, through a clerk, with instructions to bring the packet back to the office unless the Court considers its detention to be necessary. When a copy is forwarded to Court, it shall be sent in a sealed cover addressed by name to the officer presiding over the Court.

CHAPTER XX (SECTION 63 OF THE ACT).

RECORD OF SUBSTANCE OF STATEMENTS.

148. Evidence required by a registering officer shall be taken by himself or by some one appointed under a commission.

149. The oath or affirmation to be made before a registering officer by a deponent shall at his option be in any of the following forms:—

C

"I affirm that what I shall state shall be the truth, the whole truth, and nothing but the truth."

150. (i) When execution is admitted and the endorsement is signed by the party admitting execution, and when witnesses are examined merely with reference to the identification of the parties appearing, the prescribed endorsement is itself a sufficient record. A record of the substance of the statements shall, however, be made in the following cases:—

(*a*) When execution is denied;

(*b*) when a person admitting execution refuses to sign the endorsement;

(*c*) when a person admits execution on protest or with a reservation;

(*d*) when an enquiry is held as to the alleged death of an executing party;

(*e*) when an enquiry is held as to the right of a person to appear as the executor, administrator, or heir of a deceased person, or as the guardian of an infant, or as the curator of an idiot or a lunatic;

(*g*) when an explanation is taken regarding the cause of delay in the presentation of document or in the appearance of parties;

(*h*) when the addition of any person, or the description of a property has to be ascertained owing to the addition or the description not appearing either in the document or in the endorsement;

(*i*) when an enquiry is held under section 41 (2) of the Act in respect of a will or authority to adopt presented for registration after the death of the testator or the donor, as the case may be;

(*j*) when an enquiry is held under section 74 as to the fact of the execution of a document; and

(*k*) generally in all cases in which a record may seem necessary.

(ii) All such statements with the exception of those under (i) and (*j*), which shall be kept with the record of the enquiry, shall be recorded in a book known as the "Deposition Book" maintained in each registration office.

(iii) Depositions taken by a Registrar shall be recorded in English and by a Sub-Registrar in the language of the sub-district or in the language used by the deponent.

(iv) Each witness or party shall be examined separately. The deposition shall usually be recorded in the first person and, when so recorded, the signature of the person who makes it shall be obtained. A certificate shall be appended to each deposition to the effect that it has been read over or interpreted to the deponent and acknowledged by him to be correct. This certificate shall be in English whether the deposition is taken in English or not.

(v) At the head of each deposition the document to which it appertains together with the book, volume and year shall when practicable be noted

(vi) The deposition book shall not be carried when a registering officer attends at a private residence. CHAPTER XXI (SECTIONS 64 TO 67 OF THE ACT.)

TRANSMISSION OF MEMORANDA AND COPIES

151. Memoranda of registered documents required for transmission under the provisions of sections 64 to 67 of the Act shall be prepared in the form printed in Appendix VIII.

152. Copies of registered documents, endorsements and certificates forwarded under sections 64 to 67 shall be prepared on paper corresponding with Book 1.

153. The total number of copies or memoranda required shall be made in the office of original registration at the expense of the party presenting the document for registration. They shall be forwarded with an intimation form which shall be returned receipted by the officer to whom it is addressed.

154. The copies and memoranda and translations received in a registration office shall not be given a document number in that office but shall be pasted into file book 1, or in the file of translations as the case may be and indexed with reference to the page of the volume in which they are filed.

155. When a document is registered in duplicate or triplicate no memorandum or copy is required to be forwarded under sections 64 to 67 in respect of the duplicate or triplicate, but the number of copies registered with the original shall be noted in the column headed "document" in the memorandum prepared from the original.

156. When a document cancels, or rectifies an error in, a document previously registered in another office, a memorandum shall be sent to that office without levying a memorandum fee. This memorandum shall be filed in the file of appeal orders and judgments [rule 172] in the office to which it is transmitted. This rule applies to a document previously registered in a Registrar's office also. The memorandum need not be indexed in the receiving office.

157. When the language of the copy of a document or of a memorandum forwarded under sections 64 to 67 is not the language of the receiving office, the transmitting officer shall supply a translation in English prepared on paper prescribed for copies. No fee is leviable for the transmission of such a translation. The translation shall be filed in the receiving office in the file of translations and the necessary cross reference to be made. [Rule 11 (ii)]

158. When a registering officer finds that a correction is necessary in a copy or memorandum of a document forwarded by him to another registering officer, he shall send an erratum to the latter, who shall file it in file book No. 1, carry out the correction and add a note on the original explaining the circumstances under which the correction is made. A reference to the page and volume of the file book in which the erratum has been filed shall be entered on the original memorandum or copy and the indexes shall also be corrected accordingly.

CHAPTER XXII (SECTIONS 68 AND 69 OF THE ACT).

ERRORS IN REGISTRATION.

159. (i) In the event of a document being registered in a wrong register book the registration shall stand, but the Registrar may direct that the entry with the endorsement and certificate thereon shall be copied into its appropriate register without further charge. A document so copied shall be given the number assigned to the last previous document in the book to which it is transferred with the letter "A" attached.

(ii) A certificate in the following form shall be entered in the endorsement column of the register book to which the entry is transferred and on the document below the former certificate, the document being sent for if it is not in the office :—

"Registered again under the orders of the Registrar No. , dated [91 , as document No. A of 191 in Book Volume pages .

Date 191 . *Signature of Registering Officer.*"

(iii) A similar certificate shall be entered at foot of the original entry of registration with the words "Wrongly registered in this book" prefixed.

160 (i) Where by inadvertence a document is registered in a wrong office the registering officer shall inform the executing and claiming parties of the fact and advise them to apply to the Registrar for a direction under section 68 for its registration afresh in the proper office.

(ii) Where the proper office of registration is in a district other than that in which the office of wrong registration is situated, the application shall be made to the Registrar of that other district.

(iii) When a direction is so issued to a Sub-Registrar he shall register the document without the levy of any fee and in the endorsement of presentation shall refer to the orders of the Registrar.

(iv) The registering officer in whose office the document was originally registered shall in any case forward to the proper office, free of charge, a copy or a memorandum of the document in

accordance with the procedure prescribed by sections 64 to 66 and the receiving officer shall file the copy or memorandum in his File Book 1.

161. A registering officer will be held liable for any loss to Government which may arise from neglect on his part in the registration of a document, the making of a search, or the grant of a copy of a document.

CHAPTER XXIII (SECTIONS 71 AND 78 OF THE ACT).

REFUSAL TO REGISTER.

162. When registration is refused the reasons for refusal shall be at once recorded in book 2. They will usually come under one or more of the heads mentioned below:—

I. That the document is written in a language which the registering officer does not understand and which is not commonly used in the district, and that it is unaccompanied by a true translation and a true copy.

Section 19.

II. That it contains unattested interlineations, blanks, erasures, or alterations which in the opinion of the registering officer require to be attested.

Section 20.

III. That the description of the property is insufficient to identify it or does not contain the information required by rule 13.

Section 21 (1) to (3), and section 22.

IV. That the document is unaccompanied by a copy or copies of any map or plan which it contains.

Section 21 (4)

V. That the date of execution is not stated in the document or that the correct date is not ascertainable.

Rule 32.

VI. That it is presented after the prescribed time.

Sections 23, 24, 25, 26, 72, 75 and 77.

VII. That it is presented by a person who has no right to present it.

Sections 32, 33, 40 and 43.

VIII. That the executing parties or their representatives, assigns, or agents have failed to appear within the prescribed time

Section 34.

IX. That the registering officer is not satisfied as to the identity of a person appearing before him who alleges that he has executed the document.

Sections 34 and 42.

X. That the registering officer is not satisfied as to the right of a person appearing as a representative, assign, or agent so to appear.

Sections 34 and 40.

XI. That execution is denied by any person purporting to be an executing party or by his agent.

Section 35.

Note.—When a registering officer is satisfied that an executant is purposely keeping out of the way with a view to evade registration of a document or has gone to a distant place and is not likely to return to admit execution within the prescribed time, registration may be refused, the non-appearance being treated as tantamount to denial of execution.

XII. That the person purporting to have executed the document is a minor, an idiot or a lunatic.

Section 35.

Note.—When the executant of a document who is examined under a commission under section 38 of the Act is reported by the Commissioner to be a minor, an idiot or a lunatic, registration may be refused and it is not necessary that the registering officer should personally examine the executant to satisfy himself as to the existence of the disqualification.

XIII. That execution is denied by the representative or assign of a deceased person by whom the document purports to have been executed.

Section 35.

Note.—When some of the representatives of a deceased executant admit and others deny execution, the registration of the document shall be refused in toto, the persons interested being left to apply to the Registrar for an inquiry into the fact of execution.

XIV. That the alleged death of a person by whom the document purports to have been executed has not been proved.

Sections 36 and 41

XV. That the registering officer is not satisfied as to the fact of execution in the case of a will or of an authority to adopt presented after the death of the testator or donor.

Section 41.

XVI. That the prescribed fee or fine has not been paid.

Sections 25, 34 and 80.

163. When the executants of a document appear at different times the order of registration or refusal shall be passed after all the executants have appeared and admitted or denied execution, as the case may be, unless the maximum time allowed for appearance by the Act has expired or unless the presentant applies for the return of the document unregistered as regards the executant who failed to appear.

164. When a document is partially registered and partially refused registration, the refusal shall be endorsed after the document is registered.

165. A Sub Registrar is not authorised by law to refuse to register a document which has been executed by himself or in his own favour or because he is a party interested, remotely or indirectly, in the transaction to which such document relates; nor is he authorised to refuse to authenticate a

power-of-attorney granted for the registration of such document: but he shall always advise the parties to present such a document or power-of attorney at some other office. If the document falls within the category of documents mentioned in section 28 of the Act, such other office will be the office of the Registrar of the district who will, as provided in the table of fees, register such document without charging the usual extra fee under section 30 (1) of the Act If the parties, after being advised as above, insist on the Sub-Registrar's registering a document or authenticating a power in which he is interested, he shall do so but shall immediately report the fact for the information of the Registrar to whom he is subordinate.

This rule should not be understood as authorising a registering officer to attest powers-of-attorney executed by himself.

CHAPTER XLIV (SECTIONS 41 (2) AND 72 TO 76 OF THE ACT).

APPEALS AND ENQUIRIES.

166. (i) An appeal under section 72 of the Act or an application under section 73 shall be presented in writing to the Registrar of the district, or to the officer in charge of the Registrar's office, accompanied by a copy of the refusal order appealed against and the original document in respect of which the order was passed.

(ii) When the document is stated to be in the possession of some person other than the appellant and the latter desires time to obtain and produce it or the issue of a summons for its production, the request may be complied with and the appeal or application be admitted pending receipt of the document.

167. (i) An appeal under section 72 shall be presented either by the appellant or by a certificated pleader duly authorised on his behalf by a vakalat attested in the manner prescribed in the Civil Rules of Practice applicable to Mufassal Civil Courts or by an agent holding a power-of attorney authenticated as laid down in section 33 of the Act

(ii) An application under section 73 shall be presented in person by the party or by an agent holding a power-of-attorney authenticated as aforesaid.

(iii) An appeal or an application shall not be accepted or acted upon if sent by post.

168. In an enquiry connected with a will or an authority to adopt under section 41 (2) of the Act or an appeal under section 72 or an application under section 73 or in an original enquiry under section 74, private vakils or persons not qualified under the Legal Practitioner's Act shall not be allowed to appear. Such persons are not, however, debarred from acting as agents if authorised by a duly authenticated power-of-attorney

169. An application under section 73 presented by any of the persons mentioned therein within the prescribed period but without the requisite verification may be returned in view to its being verified and presented again within a stated time.

170. An appeal under section 72 or an application under section 73 may, when the Registrar is on a tour of inspection in his district, be posted for hearing at any Sub Registrar's station convenient to the parties.

171. (i) On the presentation of an appeal under section 72 or of an application under section 73 a day shall be fixed for the hearing of the appeal or application. If before that day process fees are not paid so as to admit of the issue of notices and summonses for securing the attendance of parties and witnesses, or if the appellant or his agent or vakil fail to appear on that day, the appeal may be dismissed.

(ii) An appeal or application under section 72 or 73 which is dismissed for reasons such as default of appearance of a party or non payment of process fee may be re-admitted if the Registrar is satisfied that sufficient reason is shown for re-admission.

(iii) Such dismissal shall be recorded in the Minute Book mentioned in rule 31 and need not be recorded in Book 2.

172. An order on an appeal under section 72 or on an application under section 73 directing or refusing registration shall not be endorsed on the document itself but shall, when registration is ordered, be recorded separately and filed in a separate file book, and when registration is refused, be recorded in Book 2. In either case a brief abstract of the order shall be endorsed on the petition of appeal or application which will be kept with the records of the case.

173. An application against an order of refusal to register a will presented for registration after the death of the testator may be presented by any executor appointed under the will. The Registrar may, after the perusal of the records connected with the refusal, call for fresh evidence or issue summonses to witnesses or remand the case to the Sub-Registrar for further enquiry

174. In an appeal under section 72 preferred against an order of refusal to register based on the ground that the executant is a minor, an idiot or a lunatic the Registrar shall, when he finds the executant to be a major or of sound mind, as the case may be, also enquire into the fact of execution of the document in question. If execution is admitted or proved he shall direct registration; if it is not proved, registration shall be refused.

175. Where a refusal order is based on the ground that the executant is purposely keeping out of the way in order to evade registration or has gone to a distant place and is not likely to return to admit execution and the person appearing is treated as tantamount to denial of execution, the appeal may be accepted by a Registrar under section 73 and the fact of execution enquired into as if execution had been specifically denied.

176. (i) All orders passed by a Registrar on appeal under sections 72, 75 and 76 shall be communicated without delay to the Sub-Registrar concerned.

(ii) When the office in which a document is ordered to be registered on appeal is different from the office in which its registration was refused, a copy of the order directing registration shall be sent to both offices.

CHAPTER XXV.

FEES AND FINES.

177. It is for the registering officer, who is responsible for levying the fee, to determine in the first instance what fee should be paid. After it has been paid the presenting party may, if he is dissatisfied, refer the question to the Registrar who shall, if he thinks there has been an overcharge, order the Sub-Registrar to refund any excess. If the decision is adverse to the party, he may make a further reference to the Inspector-General.

178. In the event of registration being refused, any fee or fine which may have been levied shall be refunded except fees for commissions, summonses, attendances and travelling allowances where such fees and allowances have been earned. Such refund shall be made out of the permanent advance of the registering officer and a bill in detail for the adjustment of the refund shall be submitted in the usual manner.

179. Every application for the remission of a fine or a fee shall be lodged in the first instance with the registering officer who levied it for submission to the sanctioning authority through the proper channel.

180. District Registrars may themselves dispose of applications for refund of fees or fines collected in excess or for work not performed by the department.

181. Whether a document is admitted to registration or not, all fees and fines shall be at once brought to account.

182 (i) At stations where there is a treasury and the treasury is open, the collections shall be remitted daily to the treasury.

(ii) At stations where there is no treasury the fees shall be remitted to the nearest treasury at such intervals as may from time to time be prescribed by the Inspector-General.

(iii) In the case of taluk treasuries which have no cash transactions during the last three days of the month, the fees collected on those days may be sent on the 1st of the following month.

(iv) A remittance to the treasury shall be accompanied by the challan book duly filled up in duplicate in view to one copy of each challan being returned signed by the Treasury officer.

CHAPTER XXVI (SECTION 83 OF THE ACT).

PROSECUTIONS.

183. A Sub-Registrar shall, before instituting a prosecution, forward a full report of the case to the Registrar and obtain his approval to the prosecution. If, however, the circumstances demand immediate prosecution, a report shall be made by the Sub-Registrar to the Registrar within 24 hours of the institution of the prosecution. A Registrar who institutes a prosecution or approves of the institution of a prosecution by a Sub-Registrar or receives intimation that a prosecution has been instituted by a Sub-Registrar shall report the fact to the Inspector General.

CHAPTER XXVII (SECTION 88 OF THE ACT).
